The Mark Penthouse

At more than 10,000 sq ft (including 2,500 sq ft of rooftop terrace overlooking Central Park and the Metropolitan Museum of Art), the Mark Hotel's five-bed, six-bath penthouse is the largest of its kind in the United States.

Designed by French interior designer Jacques Grange, the suite has its own conservatory, library, lounge and stately dining room across floors 16 and 17 of the lavish Upper East Side hotel. The penthouse is so luxurious that it was chosen by Serena Williams to host Meghan Markle's baby shower in 2019. A night's stay starts from £54,000.
