Best city hotel: THE MARK HOTEL, New York, USA

IN WINTER, THE ROOF TERRACE OF THE MARK HOTEL'S PENTHOUSE SUITE TRANSFORMS INTO A PRIVATE ICE RINK

THE MARK

Behold legendary designer Jacques Grange's version of a fairytale of **New York**. Everything here is bigger and better; from the 10,000-square-foot penthouse with its own ice rink to your welcome from the fabled doormen, who whisk you across the black-and-white floors of the lobby with the heady tuberose scent of Frederic Malle's Carnal Flower in the air. Nothing here is too much trouble. If you need to recalibrate after a flight, there are spa therapists on hand and blow-dries at the Frédéric Fekkai salon. Meanwhile, the creamy boudoirs' marshmallow-soft beds are made for luxuriating. (A surprising highlight of your stay may well be the room service's special cheeseburger and fries, served on a silver platter.) But do head downstairs for cocktails and dinner – the martinis served with salmon sushi and black truffle pizzas at The Mark Restaurant By Jean- Georges are sensational – or in summer to the Clam Bar, a new 'seafood shack' concept (where Jean-Georges Vongerichten has collaborated with Caviar Kaspia to produce such epicurean masterpieces as platters of oysters with lobster rolls). If you want to continue the marine theme, the hotel has its own sailing boat: two-hour round trips start from Tribeca. The Mark makes the whole NYC experience exquisite – and so much **fun**. *Doubles from £915 (themarkhotel.com).*
